## Arlington Heights Remodeler Celebrates 20 Drama-Free Years

Our Friends · Tuesday, January 20th, 2026

## Arlington Heights Remodeling Contractor Celebrates 20 Years of Transforming Homes Without the Drama

Most homeowners dread remodeling. The dust. The delays. The budget creep. **KSN Construction** has spent two decades proving it doesn't have to be terrible.

Leo Kapetanovic started KSN Construction with a simple foundation. Do the work right. Start quickly. Stay clean. Respect the budget. Twenty years later, neighbors across Arlington Heights keep calling.

## KSN Construction Proves Fast, Clean, Budget-Friendly Renovations Aren't a Myth

KSN Construction operates as a family business. Leo works alongside his team, personally assessing every project. The approach differs from corporate contractors who send junior estimators.

Arlington Heights homeowners get Leo's two decades of experience from day one. He measures the space. He listens to ideas. He creates proposals matching vision and wallet.

The company handles kitchen remodels, bathroom upgrades, basement conversions, and full home renovations. Six Houzz Awards confirm the quality. Hundreds of five-star reviews prove the consistency.

## Why Arlington Heights Homeowners Choose KSN

Most contractors make homeowners wait months before starting. KSN begins projects in weeks, not seasons. The team carries over 100 years of combined experience across trades.

Every project includes a 12-month warranty. Problems get fixed without arguments or delays. The guarantee backs up the work.

KSN has built a reputation for fixing other contractors' mistakes. Homeowners shouldn't need help correcting bad work. But when they do, KSN steps in.

## Kitchens Built for Real Life

Arlington Heights families spend serious time in kitchens. KSN transforms cramped, outdated spaces into rooms people want to use.

Custom cabinetry maximizes storage. Modern layouts improve workflow. New appliances cut energy costs. Better lighting makes cooking easier.

The team coordinates plumbing, electrical, and flooring work. Homeowners get one point of contact instead of juggling multiple contractors.

Kitchens need to function, not just photograph well. Counters belong where people cook. Storage goes where hands reach. Light shines where work happens.

## **Bathrooms Worth Waking Up For**

Small bathrooms feel suffocating. Old bathrooms look dated. KSN remodels create spa-like spaces without lottery-winner budgets.

New tiles refresh floors and walls. Updated fixtures save water and money. Smart layouts add storage and breathing room.

The team handles everything: plumbing relocations, electrical upgrades, ventilation improvements, and waterproofing. Moisture problems get solved, not covered up.

Homeowners choose from budget-friendly options to luxury finishes. Leo helps navigate choices based on actual needs and available funds.

## **Basements Finally Put to Use**

Most Arlington Heights basements store junk and holiday decorations. KSN turns forgotten spaces into family rooms, home offices, gyms, or entertainment areas.

Proper insulation stops the cold. Waterproofing prevents moisture. Smart framing hides ducts and pipes while maintaining headroom.

The finished product looks intentional, not like a dressed-up basement. Families gain usable square footage without the cost of an addition.

## **Flooring That Lasts**

New floors change how rooms feel. KSN handles installations, repairs, renovations, and covering replacements across Arlington Heights homes.

Hardwood, tile, and laminate each offer different advantages. Durability, maintenance requirements, and appearance all factor into smart choices.

Worn floors sometimes need repairs. Severely damaged flooring often needs replacement. KSN helps clients understand which option makes financial sense.

Safety matters too. Slipping hazards disappear. Bad smells and stubborn stains become history.

## Fresh Paint, Fresh Start

Color transforms spaces. KSN provides professional painting and decoration services for Arlington Heights interiors and exteriors.

The right paint quality makes a difference. Budget-friendly options exist without sacrificing durability. The team helps homeowners select combinations matching style and wallet.

Interior painting updates single rooms or entire homes. Exterior painting protects surfaces while improving curb appeal and property value.

## Windows and Doors That Perform

Drafty windows waste money. Damaged doors compromise security. KSN handles repairs, replacements, and installations for both.

Modern windows cut heating and cooling costs significantly. Updated doors improve home safety while refreshing the appearance.

Glass door installations flood rooms with natural light. The seamless blend of indoor and outdoor spaces makes homes feel larger and more welcoming.

Energy efficiency pays dividends. Lower utility bills add up over time. Better insulation keeps families comfortable year-round.

## Mudrooms and Laundry Rooms Transformed

Mudrooms become dumping grounds. Laundry rooms turn into cluttered messes. KSN converts chaotic spaces into organized, functional areas.

Custom storage handles coats, shoes, and sports equipment. Durable flooring withstands mud and snow. Strategic lighting makes spaces feel larger.

Laundry areas get better organization and moisture control. Smart layouts make chores less annoying. Proper ventilation prevents mold problems.

## Exterior Updates Boost Value

Home exteriors face weather and time. KSN provides exterior remodeling and repair services across Arlington Heights.

Porches and decks extend living space outdoors. Wood, composite, brick, and stone create custom looks matching home styles.

Energy-efficient siding cuts utility costs. Updated trim refreshes appearances. Property values increase alongside curb appeal.

## Interior Remodeling Excellence

Interior spaces should reflect personal style. KSN specializes in quality, affordable interior remodeling across Arlington Heights.

Kitchens, bathrooms, and basements align with modern living standards. Personal aesthetics guide every design choice.

Layout and lighting profoundly impact daily life. Brightening spaces and improving flow make homes more enjoyable.

## **The Process Without the Pain**

Remodeling disrupts daily life. KSN minimizes chaos through planning and communication. The team arrives on schedule. Work areas stay contained. Cleanup happens daily, not weekly.

Homeowners know what happens each day. Surprises get discussed immediately, not hidden until the bill arrives. Budget concerns get addressed before becoming problems.

Work happens in people's homes. Respect for the space and the family comes standard.

## **Arlington Heights Architecture Respected**

Arlington Heights homes span different eras and styles. Victorian houses need different approaches than mid-century ranches. KSN adapts to architectural realities instead of forcing cookie-cutter solutions.

Historic details get preserved when appropriate. Modern upgrades integrate without clashing. The goal stays consistent: make homes work better for the people living there.

Local building codes and permit requirements change. KSN stays current, handling paperwork and inspections without dumping bureaucracy on homeowners.

## **Beyond Arlington Heights**

While Arlington Heights remains a core service area, KSN works throughout the Northwest Chicago suburbs. Rolling Meadows, Palatine, Schaumburg, Mount Prospect, and surrounding communities receive the same commitment.

The geographic range expands the portfolio without diluting quality. Each project gets personal attention regardless of location.

## **Twenty Years, Thousands of Satisfied Neighbors**

Reviews tell the real story. Neighbors recommend KSN because the work delivers. No bait-and-switch pricing. No disappearing crews. No excuses.

The six Houzz Awards represent industry recognition. The repeat customers represent something better: trust earned through performance.

Awards look nice. Happy homeowners living in spaces they love matter more.

## **Design Services Before Construction**

KSN offers schematic design services for remodeling projects. Initial sketches capture visions while respecting budgets.

---

Early planning optimizes resources and timelines. Homeowners see concepts before committing to full renovations.

Design work establishes foundations. Good planning prevents expensive mid-project changes. Clients make informed decisions about remodeling investments.

## Free Consultations, Honest Answers

KSN offers free consultations before and after projects. Homeowners get straight answers about costs, timelines, and realistic outcomes.

No pressure tactics. No inflated quotes padded for negotiation. Estimates reflect the actual work required.

Questions get answered. Options get explained. Decisions stay with homeowners, not pushed by sales teams.

## Frequently Asked Questions
