- **Licensing:** The license of a casino tells a lot about the casino's legitimacy and fairness. As a result, licensing was our significant criterion in selecting all the casinos you find on this list.
- **Variety of games:** variety they say is the spice of life—what is the point of a casino if it offers only one game? Therefore, all the casinos you find on our list have an extensive list of games for you to choose from.
- **User Experience:** the casinos you will find on this list have tailored their user experience, especially for Indian players.
- **Bonuses:** Everyone loves freebies. So, the final criterion is to see if the casinos here have many bonuses to make the best from your winnings.
