## **Bird's Eye**

Rob Lang · Wednesday, July 5th, 2017

Birds are pretty intelligent creatures. Take the African gray parrot, for instance.

Looks like we have a feathery witness!

Don't think this can really happen? Check this out!

Yup, the eyes of birds are so powerful, animals like the owl moth even try to fool predators into thinking they're being stared down by a pair of bulgy peepers.
