2. Browse through the available varieties

Once on the website, take a look at the different kratom varieties they have for sale. After looking at all the options, pick the variety you want to buy in bulk. Think about what strain you like or how much you want to order. Choosing the right choice is essential because buying in bulk means you’ll have a large amount to last longer. So, take your time to decide carefully based on what you learned from the descriptions and your personal preferences.

4. Return to the home page

Once you've decided on your preferred kratom, go back to the website's home page. The home page is usually the main starting point and helps you easily find important sections. You can get there by clicking the logo or "Home" button at the top of the page. This step is important because the link to the wholesale section, where bulk orders happen, is usually found on the home page.

5. Click on "Wholesale"

On the home page, find and click the "Wholesale" link or button. This part of the website is specially designed for bulk buyers. 7. Wait for approval

After submitting the wholesale request form, you must wait for BKB USA to review and approve your application. They will check your information to ensure everything is correct and that you qualify to buy in bulk. This approval process may take some time, so patience is essential. Once approved, you will be able to proceed with your bulk order.
