Brian Eno's LUX

Cultural Daily · Thursday, January 24th, 2013

Brian Eno has always been among the most forward-thinking of musical and cultural artists. For his latest project, LUX, he invited listeners to upload photos in response to four broadcasts on Saturday November 17, 2012 via [Brian-Eno.net](#).

The four broadcasts were selected to capture different lighting – from sunrise, day, sunset and night. Submissions were encouraged under a theme ‘play of light’ and were curated by Eno and his team in real time. This film archives just 4 minutes of Eno’s favorites from over 6,000 submissions.
