The most common casino game – free online roulette

Our Friends · Thursday, March 5th, 2020

One of the most common casino games is Roulette. This is not just a game – it is a symbol of any casino. Literally translated from French, roulette means – a small wheel. This “little wheel” since the 17th century brings joy as well as disappointment to the most gamblers. This game, without which it is simply impossible to imagine any gambling establishment, both in real life and on online gaming platforms. Game of roulette has enriched more than one hundred thousand people. But, also, it can leave penniless those who cannot stop in time. Over the long years of the existence of the game, many minds tried to calculate the pattern of falling numbers in roulette, but all this remained in secret. Also, most gamblers develop their own strategies during [play free roulette online](#) and adhere to them. But, whatever you say, the middle name of roulette is Fortune. And that means fate. There is no one is destined to predict the random outcome or calculate the development of events in this game. Only luck can bring success to the player in this game.

And despite this risk, Roulette remains the queen of the game. You can play this wonderful game in any casino you can find on the net. However, if you don't want to google for the right place with free online roulette, you can check the [Casinonic online casino](#). There you can play a wide variety of roulette games for free and for real money.

What can you get in return from roulette?

- unforgettable joy and emotions;
- a sense of noble and aristocratic life;
- fabulous wins.

And also, constant tension, adrenaline, and intense brain work will accompany you throughout the game.

Rules for playing free online casino roulette

In order to play Roulette in an online casino, you need to know, at least superficially, the rules of the game. Let's start with the elementary. What does Roulette consist of? Free roulette online consists of a table, which is divided into two parts: a roulette wheel and a table with a field. The wheel consists of 37 cells with numbers from 0 to 36. Half of the cells are red and half black and only the 37th cell – Zero (0) – is green. The second part of the table is the roulette field. The field is a 12×3 rectangle in which numbers from 1 to 36 are placed. To the top of the field is Zero located. Players before starting the wheelset the desired bet on the field. In this case, if the bet is placed on one number, then the chip is placed directly on it, and if the bet is placed on the loss of

one of two numbers, then the chip is placed on the line between two chips. If the bet is placed on three numbers, the chip is placed opposite a row of 3 digits, on the border of the field. When a bet is placed on 4 numbers, then the chip is placed at the intersection of four cells of the field. In the case of betting on six numbers, the chip is placed on the edge of the field, covering two rows. Also, you can bet on a dozen, odd and even, and other options. Then, the wheel starts and the ball is thrown. The ball determines the result of the game and the winner, stopping in one of the cells.

The most gambling and daring personalities can afford to play virtual casino for real. Roulette online for money, as the game is able to tickle nerves even to the most persistent and balanced ladies and gentlemen. You can, of course, play in the Casinonic online casino for free, but the real thrill comes with money bets.
