Cyndi Finkle on the Ground-breaking Julia Margaret Cameron

Julie Hébert · Wednesday, June 29th, 2016

Cyndi Finkle tells us the story of photographer Julia Margaret Cameron, a woman whose revolutionary eye and personal commitment to her own vision broke ground in establishing photography as an Art. During a time where photography was a rigid and sterile craft, Julia shrugged off criticism of her technique to focus on how the images made her feel. Listen to Cyndi explain how Julia Margaret Cameron changed her life!

"She saw the future of photography"

With our backyard video project, *Look What She Did!* we are creating an ongoing archive of short videos celebrating crazy-great women as told to us by… crazy-great women. All of us working on this project are having a blast and are fired up about sharing these inspiring stories with you. Take a look at our social media and let us know… Who is YOUR astonishing woman?
