Dr. Hans Rosling: End of the 'Developing World'?

Adam · Wednesday, February 20th, 2013

Dr. Hans Rosling makes numbers come alive, and has energized social sciences with his inventive graphics. In this short video, he demonstrates that the so-called “developing world” is catching up with the “developed world,” and how child mortality may decline significantly in the next decade. How will we know? “It’s only by measuring that we can cross the river of myth,” Dr. Rosling concludes.
