### Climate Change – Endangered

## Terry Braunstein and Victor Raphael — A Collaboration

*This collaboration grew out of a professional relationship and mutual appreciation of one another's work. They were motivated to create these artworks in response to the current political environment over the last few years.*

Four series of limited edition ink jet prints will be featured here over the next several months: *Climate Change*, focusing on the world-wide crisis caused by rising global temperatures, *The Wall*, which reflects on how walls are both barriers to human connection and inhibit those escaping persecution, *My Choice*, dealing with a woman's right to choose, and *Lessons to be Learned*, looking at the challenges and wonder of childhood.

**“Endangered” is from *Climate Change*, the sixth in a series of ten images.**

We will be posting one artwork from this series each week.
