Try not to text too much. The conversation that is built-up should not be one sided and it should be 50-50 as much as possible.

It is sometimes fine to send one or more text if both of the texts are related to each other then they are actually sent relatively all in the similar time frame.

Simply asking a normal question of how are you can be a deal breaker and a great way to check onto someone if they have been quiet for a while.
