LIFE AFTER BIRTH FEARS A DICTATOR EMERGING

Carol Green · Wednesday, February 12th, 2020

This week signals a frightening reality. The DICTATOR EMERGES! Trump is on the loose rounding up and punishing enemies and placing hardcore conservative loyalists in positions of power that threaten everything we cherish — clean air, water, food inspections, children, immigrants, civil rights, women's rights, fair and just elections, reproductive rights, states' rights, education, free speech, The Constitution, the planet, mountains, trees, land, water, sky, animals, health care, wind power, personal freedoms, the military, election law, racial equality, all branches of government, gender equality, the homeless, and I'm just getting started. I'm volunteering to sign up to get out the vote now. Join me. This is the fight for our lives. Do it for you; do it for the children.
