Wish I'd started taking this sooner!

I started taking the MCT Wellness Raspberry Medley supplement a little over a month ago and wish I had started taking it sooner! The constant bloating I used to have in my stomach is gone, and my brain fog is 100% clear! This supplement also gives me the energy I need to get through my day, juggling the work/life/family balance with room to take time for myself instead of wanting to pass out on the couch. ;)

At 70 I Feel 50

I've been taking MCT Wellness for more than a month now. As a teacher, I wake up at 5:00am each morning to start my long day. I've honestly never felt better than I do now. My eyes are clear from the time I take MCT Wellness, and I have a sustained energy level unlike I've know for many years. I thought vitamins would be enough for me. I was wrong... I intend to continue with this product!

MCT Wellness – Excellent product.

I have more energy & feel better than I have for a very long time. It surprised me that it works as well as it does because I have tried taking other products that were supposed to achieve the same results, but never did. I was skeptical, but within a week I actually started feeling better & now have resumed activities that I had stopped because I was always tired & lacked the energy. I have also lost a few pounds & I believe that is due to being busy rather than sitting all the time.

Easy to incorporate in busy schedule

Like most of us my schedule is so busy. Every morning it is easy for me to quickly ensure I am getting my body started right. I feel better and energized and I am out the door. I like the flavor and how quickly I can mix, drink, and dash out the door. Over the past month I have found more energy and sustain that energy through my busy day.

MCT Wellness Pricing Options

- A single jar of MCT Wellness is currently offered at a \$30 discount, lowering its price to \$49.95 from the original \$79.95.
- For someone looking to stock up or share with friends and family, purchasing three jars slashes \$100 off the total cost, pricing them at \$139.85 compared to \$239.95.
- The best value comes from buying six jars, where the discount reaches \$210, bringing the price down to \$269.70 from the original \$479.70.

MCT Wellness Side Effects and Precautionary Measures

- **Digestive Discomfort:** Some individuals might experience digestive issues such as stomach pain, gas, or diarrhea when first starting MCT Wellness. It's often helpful to begin with a smaller dose and gradually increase to the recommended serving size to allow your body to adjust.
- **Allergic Reactions:** Though rare, allergic reactions to ingredients in MCT Wellness can occur. Symptoms may include itching, swelling, or difficulty breathing. If you experience these symptoms, discontinue use immediately and consult a healthcare professional.
- **Interference with Medications:** MCT oil can interact with certain medications. If you're on prescription drugs, it's crucial to speak with your doctor before adding MCT Wellness to your

routine.

- **Pregnancy and Breastfeeding:** There is limited research on the effects of MCT oil during pregnancy or breastfeeding. If you are pregnant or nursing, consult your healthcare provider before use.
- **Liver Health:** Individuals with liver conditions should use caution, as MCTs are processed by the liver and may impose a higher workload. Consulting with a healthcare provider is recommended for those with liver health concerns.

Summing Up

From this deep analysis of MCT Wellness, it's clear that this supplement has proven to be more than just a fleeting trend for many satisfied customers.

From increased energy levels to improved digestion and even better skin health, the benefits are vast and varied.

The careful blend of caprylic acid, black and red currants, and a grape polyphenol complex speaks to Gundry MD's commitment to quality and results.
