## Oriental Cherry

### Top Notes:

- Cherry
- Almond
- Cinnamon

### Middle Notes:

- Cloves
- Rose
- Jasmine
- Plum

### Base Notes:

- Peru Balsam
- Tonka Bean
- Vanilla

This perfume is inspired by Tom Fords Lost Cherry. This is a scent that I have been wanting to try for so long but couldn't justify the \$350 price tag. I like this scent because you get the floral/cherry and the vanilla. It's one of the most unique fragrances I have ever used.

## Floral Honeysuckle

### Top Notes:

- Green Leaves
- Orange Honeysuckle

### Middle Notes:

- Jasmine Sambac
- Tuberose

### Base Notes:

- Orris
- Sandalwood
- Vanilla

This is propelled by Gucci's Sprout perfume. This is a fragrance that I as of now love so I was truly eager to perceive how it contrasted with the genuine article. I showered the two perfumes on me and my sister and you can't differentiate. It is an indistinguishable fragrance to Gucci Sprout. Assuming you like botanical fragrances you will adore this perfume!

## Le Labo Santal 33

Woody Sandalwood honors the significant person of sandalwood, which is frequently ignored. This smell, which is many times viewed as an optional player in the perfume market, gains by the best grade sandalwood. The outcome is unmatched sandalwood that grandstands its smooth characteristics while immaculately fitting the brutality of different woods and giving a consistent congruity to rose flower bundles.

When joined with the charm of exemplary orris, woody musk, and sweet violet, Woodsy Sandalwood will immediately turn into another work of art. Woody Sandalwood is a subjective and straightforward perfume that inspires the comfort of a warm embrace while conveying an unmatched feeling of inward erotic nature.

### Conclusion:

So, I was exceptionally dazzled with the nature of these perfumes. At the point when I use perfume I typically need to reapply over the course of the day yet when I utilize these I can smell them the

entire day. I had my sister utilize some and they endured the entire day on her also! They arrive in an excellent glass bottle with a magnet top which I love! The main thing I don't cherish about the containers in the names began to strip right when I got them and they are somewhat slanted. Yet, that wouldn't prevent me from getting them. I simply needed to add that little note since I realize a many individuals show their perfume.

In the event that you are needing to attempt a few new perfumes I would energetically suggest evaluating Dossier! Tell me you're most loved scents in the remarks!
