Unspoken Truths

People's cry for help wishing someone would hear

Hungry for someone to truly listen

Afraid of sounding crazy

Silenced by their inner-hate self love is non-existent

How do you express something you've never felt? Relying on others for constant reassurance

That they are important

That they matter

The voices in their heads much louder than when they actually speak

Overcome with fear scared to speak scared to be silenced once again scared to lose their voice scared to lose their thoughts scared to lose the one thing they can truly call their own
