## Unexplained Phenomena Revealed

Cultural Daily · Wednesday, January 16th, 2013

Cultural Weekly readers have long been fans of *unexplained phenomena*, the collaborative art project by Victor Raphael and David Jordan Williams that fuses photographs from around the world with mysterious encounters.

“We should not rule out the unexplained or the exceptional when considering what is real and what we know,” the artists tell us.

Their work has just been collected into a new book, *unexplained phenomena* project, which contained 39 images, an essay by [Judith Margolis](#), and an introductory note from Robbie Robertson. The e-book also contains rich-media video.

As a bonus, here is their latest video.
