Our Friends · Monday, July 1st, 2024

Is your office planning a work holiday party? If yes, then you might be wondering what to wear to the event. Finding the perfect outfit that balances professionalism with a touch of holiday spirit can be a challenge.

That's why, in this article, we have gathered some tips and work holiday party outfit ideas so you can easily decide what to wear. We've curated a range of options that suit different styles and dress codes.

Understand the Dress Code First

The first thing you need to do is understand the dress code for your work holiday party. If it's a formal event, then you might want to opt for elegant dresses such as a strapless gown or a cocktail dress.

If the event is more casual, though, then you have the freedom to explore other options, such as a jumpsuit or even a sweater if it's a cozy gathering. Whatever the dress code may be, the most important thing is that you feel confident in the dress you choose to wear.

4 Work Holiday Party Outfit Ideas

Once you know what the dress code is, it's time to decide what to wear. Here are our 4 recommendations on what you can wear to a work holiday party:

1. Formal Dress

For a formal event, we suggest wearing something like a strapless floor-length gown. You could pick one that has a fitted bodice and shining sequins to add some sparkle. Wear a pair of strappy heels with it and accessorize with some delicate jewelry to complete the look.

A strapless beaded gown with skirt slit is another great option for a formal event. The beadwork adds a touch of glamor and the skirt slit is an excellent way to stand out with style. We recommend checking out [Sherri Hill's formal dresses](#) if you want to explore more options.

2. Suit

If you want to go for a more sophisticated look, then you could wear a suit. Nothing beats a well-fitted blazer and matching trousers in a classic color like black, navy, or charcoal gray. It may seem

simple, especially if you already wear a suit to work everyday, but as Barney Stinson once said, “Suits are full of joy. They’re the sartorial equivalent of a baby’s smile.”

To switch things up, you could wear boots or pumps with your suit instead of traditional dress shoes. Add a small bag to complete your ensemble.

3. Sweater With a Pleated Skirt

If the party isn’t a formal event, then you could wear a sweater with a pleated skirt for a stylish and comfortable look. Choose a soft, oversized sweater in a color that suits the ambiance of the event. For example, if it’s Christmas, then you could wear a red sweater.

You could also wear a turtleneck with a pleated skirt. Opt for a color that pairs well with various skirt options. This option offers both warmth and style, and it’s perfect for work holiday parties that aren’t too formal.

When it comes to shoes, there are tons of options that go well with a sweater and pleated skirt. You could wear ankle boots, ballet flats, heeled booties, and pointed-toe flats. All of these options look great with this outfit, so you can easily choose based on your personal preference and the overall vibe of the event.

4. Jeans and Blouse

Another great casual outfit idea for a work holiday party is jeans with a stylish blouse or sweater. We recommend pairing your favorite dark-wash jeans with a blouse in colors like green, blue, red, black, and white. These colors offer endless possibilities for mixing and matching your jeans to create the perfect casual work holiday party look.

The outfit will look great without any jewelry, but if you feel a bit empty, you could wear a pair of small earrings to add a touch of sparkle. However, we suggest keeping the accessories minimal to maintain the casual vibe of the outfit.

Ready to Rock Your Work Holiday Party Look?

There are tons of other outfits that you could wear to your work holiday party. Get creative and explore different styles. Wear something that reflects your personality and makes you feel confident, because that’s what matters the most.

Just make sure you know what the dress code is. If it’s a formal party, then wearing jeans and blouse may not be the best idea.
