Threatened Women

Debby Marsh in *The Big Heat*, remember her? How about Francine Hughes? No? O.K., so the first, she was just a character in a movie and Gloria Grahame played her. The wayward Gloria Grahame. But Francine Hughes was real. Very. They have something in common, those two, that's why both show up in this episode called *Threatened Women*. Something to remember about threatened women and, even more so, injured women — sometimes they strike back.

One of my most articulate viewers, a poet naturally, called this episode "another shock from the stun gun." But don't worry, you won't get hurt. It's just a little-bitty video on your computer screen. It's real life you better watch out for.
